

## REMARKS

This is in response to the Office Action dated August 23, 2005. Examiner's allowance of claims 20-29 is noted with appreciation. Also, Examiner indicated that claims 4-7, 11, 12 and 15-19 would be allowed if rewritten in independent form including all of the limitations of the base claim and any intervening claims. Examiner rejected claims 1-3, 8-10, 13 and 14. The Specification has been amended to overcome the rejection.

Claim 1 has been rewritten to include all the limitations of claim 4 and is therefore believed to be allowable. It is noted that the verbiage has been modified to more succinctly set forth the invention. Original claims 2 and 3 depending from now allowable claim 1 are also believed to be allowable. Claim 4 has been canceled.

Claim 5 has been rewritten in independent form to conform to Examiner's suggestion for allowability. Original claim 6 now depends from allowable claim 5 and is therefore also allowable. Claim 7 also has been rewritten in independent form to conform to Examiner's suggestion for allowability.

Original claims 8-10 depend from now allowable claim 1 and are also believed to be allowable for the same reasons as claim 1 and further as they recite additional features of the invention.

Claim 11 has been rewritten in independent form to conform to Examiner's suggestion for allowability. Original claim 12 now depends from allowable claim 11 and is therefore also allowable.

Claim 13 has been amended to become claim 15 rewritten in independent form as suggested by Examiner for allowability. Original claim 14 depends from now allowable

claim 13 and is therefore believed to be allowable for the same reasons and also as it recites additional features of the invention. Claim 15 has been canceled.

Claims 16, 17, and 18 have been rewritten in independent form to conform to Examiner's suggestion for allowability. Original claim 19 now depends from allowable claim 18 and is therefore also allowable. Claims 20 – 29 were allowed.

In view of the foregoing, it is believed that all the claims currently in this application are in condition for allowance. If Examiner has a question or comment or if Applicants' attorney can assist in any manner whatsoever, Examiner is respectfully requested to telephone the undersigned

Respectfully submitted,  
Benjamim Tang et al
